## **EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE**

### **Examiner's Amendment**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gary D. Fedorochko (Reg. No. 35,509) on July 16, 2007.

2. The application has been amended as follows:

Amend claim 1 as follows:

At line 11, before the limitation "reconciling" insert "directly"

Amend claim 12 as follows:

At line 1, before the limitation "media" insert "storage"

At line 16, after the limitation "application" insert "directly"

### **Allowable Subject Matter**

3. Claims 1-12, 14-15, 17, and 19-22 are allowed. The claims will be renumbered as 1-19.
4. The following is an examiner's statement of reasons for allowance: none of the prior art of record teach or fairly suggest employing a first processing thread to provide the first data object to an electronic ink analysis process for analyzing on a second processing thread; receiving results of the analysis process from the second processing thread; after receiving results of the analysis process, receiving from the software application a second data object corresponding to a second state of the document; and directly reconciling the results of the

analysis process with the second data object. It is for these reasons and in combination with all of the other elements of the claims that claims 1-1-12, 14-15, 17, and 19-22 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
